**Mokena School Board Appoints Survey
Committee To Consider New School Bldg.****THIEVES LOOT
EDWIN YUNKER
HOME IN MOKENA**

Thieves broke into the Edwin Yunker farm home on La Porte road, east of Wolf road in Mokena, sometime last Saturday night between 8 and 11 p.m., while the family was absent attending a PTA square dance in Mokena. They had tried the basement door, and, unable to gain entrance that way after nearly breaking it, they succeeded in getting in through the pantry window. That window happened to be the only one without a storm sash.

Footprints outside and car tracks in the mud were the only trace left by the burglars, who walked out of the kitchen door with their loot - a door which was closed but which had been left unlocked. As the footprints were not large it is believed by the police, deputies Charles Timm and Lee Runhard, who investigated the case, that the burglary was the work of either young men or children.

The burglars took a 12 gauge Winchester model 97 pump gun, three brand new jackets and a pair of new slacks, all for children, sizes for ages 18, 16 and 14, a lady's wrist watch, and some change lying on the dresser.

Nothing was strewn around the house, as burglars often do, and nothing was broken. Mrs. Yunker said she had received several phone calls within the past few weeks, but upon answering the telephone the person on the other end would hang up. She now knows the reason for these calls. She also observed a car traveling slowly by her home on several occasions, and believes her home was being "cased" at the time.

**Secretary Benson
Presents Picture
To Lincoln-Way**

Superintendent Chapman recently received an autographed picture from Secretary of Agriculture Ezra Benson in remembrance of his visit to Lincoln-Way last fall. During the Secretary's visit, several pictures were taken by the press and by the yearbook staff. A few of these were sent later to Secretary for his personal scrapbook.

This picture will be named and placed in the school.

Following is a copy of the letter accompanying the picture:

"Dear Sir:
"Although belated, this is a none-the-less sincere expression of gratitude for your kindness in sending me glossy prints of the pictures taken on the occasion of my visit to your high school.
"I am delighted to have them and assure you and the student body of Lincoln-Way Community High School, that they shall be included in my scrapbook and help me to recall, for many years to come, the lovely visit with you.
"Thank you for your courtesy and kindness.
"Sincerely yours,
"(Signed) E. T. Benson"

**Wait For Gates To
Go Up, Mokena
Officer Warns Adults**

Vernon Bormet, Mokena police officer, would like to bring attention to the fact that quite a number of adults drive around the gates at Mokena when a train is standing at the depot or approaching, and when they feel they "can make it" safely.

Officer Bormet points out that such procedures give bad example to school children who, observing this done by adults, conclude that it is also safe for them to walk around the gates. Such practice may lead to a serious accident some day at the crossing.

When the gates are down, Officer Bormet says, adults as well as children, to say nothing of motorists, should stand by until the train has crossed and the gates go up. Violations of this will not be tolerated, and arrest tickets will be given in the future to all who fail to heed this warning.

DEADLINES

Classified Ads., Tuesday Noon
Display Ads., Monday 5 p.m.
School Activities, Friday Noon
Church Activities, Friday Noon
Club Activities, Friday Noon

These deadlines apply to conventional announcements only. Copy covering news events which occur Friday evening, Saturday and Sunday should be received at the newspaper offices by Monday noon for publishing in the following issue.

**ROLLER SKATING
GETS ROLLING
IN FRANKFORT**

The Frankfort P.T.A. has purchased 100 pairs of skates, organ records, juke box, floor material for skating, repair parts, and a skating cabinet to set up in business on Tuesday nights.

We will have spent a little less than \$500 on the above when all bills are paid - a tidy little sum but we're sure it will be worthwhile. It is not necessary for anyone to buy his own skates. We of the P.T.A. furnish these each week, but if anyone has his or her own skates, they may bring them and use them of course.

We're sorry we haven't been able to furnish skates for all beginners who attended. The first week we had 50 pairs of skates and had to turn away about 15 beginners, and we immediately got 25 more pairs. The second week more beginners came and we still had to turn some away. Now we have purchased 25 pair making a total of 100 pair of skates for use each Tuesday.

Mr. Uthe manages the rink excellently and with the parents help we are sure that skating will furnish real enjoyment.

We have established the following simple rules, and ask the cooperation of the parents in helping the children understand them.

Skating every Tuesday night unless announced at school and in the paper differently.

Doors open 6:15.
Beginners up to and including 6th grade, may have their skates beginning at 6:20. They will skate from 6:30 to 7:30. The price 25 cents. The floor must be completely cleared at 7:30 and all skaters turned in. All sixth graders must skate in the first session. This includes Lincoln Estates sixth graders. There are no exceptions. This rule has been made to protect your sixth grader not to punish him. After a sixth grader has skated in the first session and if he is an accomplished skater may go back to the door and by paying 50 cents more and getting his hand restamped he may skate at the second session.

A sixth grader may lose this privilege if he abuses it. As yet there are not enough skates that we can rent to adults for the beginning session. Any adult who would like to help their child get a start on the floor is welcome to do so by walking around with him a little. Any adult who has his own shoe skates and has skated during the first session to help the small children must also be restamped and pay for the second session to continue to skate.

There will be a 15 minute interval.
Continued to page 4

**TELLS HOW
CROP HELPED
IN INDIA**

Those who were kind enough to contribute to the 1954 CROP campaign, which was completed Nov. 30, may be cheered by a report from Rev. Armin Meyer, furloughed missionary from India, who has been preaching in this area recently. In a postal card from Marshalltown, Ia., addressed to Wilbert Lauffer, member of the North Frankfort CROP committee, he says: "With reference to CROP, I want to record my experience.

In Orissa, India a whole caste of a hill tribe had a crop failure. So I asked headquarters 'CROP' in Delhi if they could help me. They sent 40 bags of wheat and two barrels of powdered milk. The first I put up in 10 pound bags and the milk in five pound bags. We then made a circle of visitation in villages to inquire who was in need. We delivered the food a week later, after dedicating gifts at the altar, and got it to the people really in need."

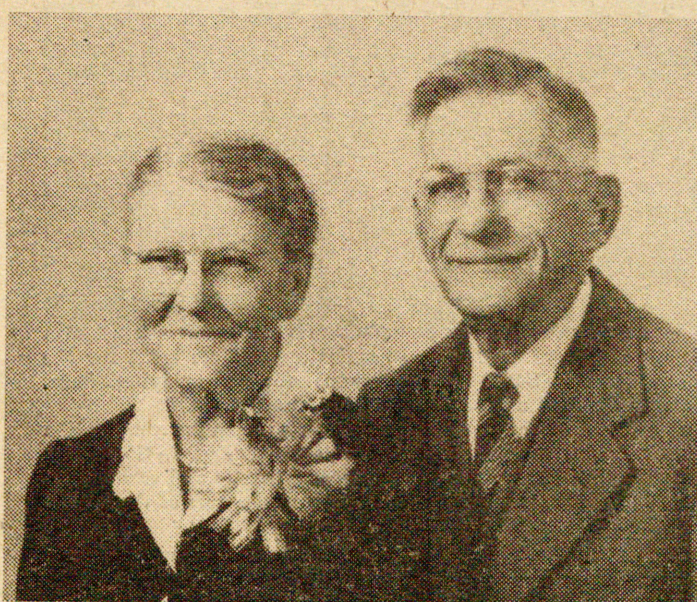

Mr. Lauffer says that when he talked to Rev. Meyer on a previous occasion he said the hospitals in India also had received generous quantities of food from CROP, and were thus able to restore the patients back to good health before discharging them, which would have been impossible without this aid from CROP.

**Weather Balloon
Drops On Sass Farm**

Loren Sass, whose farm is on 167th st., two miles west of Wolf road, looked out across his fields Monday morning and thought he saw Santa Claus with his bag caught on the fence of the Fred Lauffer farm, adjoining. Upon investigation the "Santa Claus" proved to be a weather balloon. Dangling from the balloon was a parachute holding instruments which record temperatures and atmospheric pressure.

The balloon had been released at LaGrange the same morning. A tag attached to the instruments requested that the finder mail them to the commanding officer at the Lexington Signal Depot at Lexington, Ky. Mr. Sass shipped the balloon back to Lexington.

Artificial heat has been used successfully in dairy calf barns to prevent illness that often follows a sudden drop in temperature.

**Mr. and Mrs. Harry Kohlhausen
To Celebrate Golden Wedding Sunday****VFW NEW YEAR
DANCE BEST WAY
TO SEE MIAMI**

The Wm. Martin Post, VFW, Mokena, will hold a New Year's dance at VFW hall, on Wolf Road, Mokena, which offers everyone an opportunity to usher in the New Year of 1955 in joyous fashion in the company of people they know. Elaborate preparations have been made to make this affair a gala event, and to add to the interest of the occasion a free trip to Miami is being offered by the Post to two lucky persons, who may be at the dance, or who, on the other hand, may not be at the dance, but were smart enough to buy tickets for it.

The trip includes air transportation both ways to beautiful and comfortable Miami, 1500 miles southeast of our winterland - the deamland of thousands of people who would like to bask on Miami's beach in midwinter, but never get to go. Seven care-free happy days are in store for two lucky people at beautiful Majestic hotel, located on the seashore in Miami Beach.

The Wm. Martin Post is seeing to it that a third person will be made unusually happy at, or because of, this big New Year's dance they are sponsoring, and towards this end they are offering a second award of a \$25 defense bond.

Tickets for the big New Year's Eve dance are on sale now, and can be obtained by contacting any member of the Wm. Martin Post, or at the Post's home on Wolf road.

Everybody is urged to attend the dance, or to at least buy tickets for it, in this way lending the Post their support, which is merited because of the many fine civic activities the Post engages in during the year.

**Mokena To Gather
Around The Yule
Tree Monday Night**

The Mokena Christmas tree is up, lighted and decorated. It stands in the parking area by the Rock Island station, and awaits the big night when the community will gather around it - old and young and in between - and sing Christmas carols. That will be Monday, Dec. 20, starting at 8 p.m. Norval Robinson will lead the singing.

Santa Claus will be on hand with his great big sack full of gifts for all the children. The community tree was donated by the New Lenox Lumber Co.

Last Thursday night the business men of Mokena gathered and decorated the light poles in the business district with red and white striped foil (neoprene stick effect). Large "candy canes" were placed at intersections.

Everything is now all set for a gala evening, brimful of the Christmas spirit. Everyone is invited to attend, and it is hoped that some very fine Christmas weather will prevail Monday evening to make the occasion still more pleasant.

**Girl's Octette
Entertains
Lincoln-Way PTA**

The girls' octette of Lincoln-Way high school recently appeared at the Frankfort Women's Society Christmas program and at the December meeting of the Lincoln-Way PTA. The octette sang "The Star" Rogers; "I Love Little Willie" Wilson, and "Winter Wonderland" arranged by Mrs. Betty Tryon, who is the choral director at Lincoln-Way.

Members of the octette are Kay Miller, Jane Oram, Marion Snorluck, Barbara Savers, Barbara Snorluck, Carol Larson, Carol Weichselberger, Yvonne Piepenbrink and Janet Korsgaard.

Pregnancy disease rarely appears among well nourished ones that get a grain allowance regularly.

**LINCOLN-WAY
FOOTBALL
BANQUET**

The Lincoln-Way football squad and their fathers were guests of the Lions Clubs from Mokena, Manhattan, Frankfort and New Lenox at the high school Wednesday evening December 8.

The principal speaker for the evening was Mr. Milton Sprunger, assistant secretary of the Illinois High School Association and nationally known authority on football and basketball rules.

Mr. Sprunger gave a brief outline of the duties which the I.H.S.A. performs. He told the guests that the I.H.S.A. was the governing body of the Illinois high schools and their extracurricular activities. He related some of the things which his office had to do in regard to high school athletics. Some of the things mentioned were: eligibility of boys and girls, making up a set of standards for officials, selecting tournament centers. These are only a few of the very important functions his office carries out.

Mr. Sprunger also spoke on the "Good Old Days" in high school athletics. He related many incidents that took place thirty years ago that do not take place today because of the I.H.S.A. He amused the guests with several anecdotes of what took place years ago in high school sports. Some of the more humorous incidents that took place then which do not happen today were no age limit to participate, in other words a boy could be 25 years old and still play ball on the high school team, attendance at school was not considered important, and the coach often came to help his team. He pointed out that these things are not happening today because of the cooperation of high school principals to carry out rules and regulations made by the I.H.S.A. with the aid of the principals of member schools.

Varsity letters were presented by Coach Lashmet to the following boys: Greg Brown, Ron Hughes, Dale McMahon, Ron Studnick, Jerry Moody, Mark Schellenberg, John Weber, Everett Hauck, Tom Pfister, Richard Bailey, Don Ingraham, Don Hunt, Herb Folkers, Bill Harris, Bob Heavener, Bill Heidrich, Paul Francis, Bob Elliott, Fred Madsen, John Mann, Jim Staley, and manager awards went to Richard Miller, Edward Woodward and Edward Feherbacker.

Coch Buckowich presented Fresh-Soph awards to: Jack Armin, Richard Joliet, Mark Schellenberg, John Weber, Everett Hauck, Tom Pfister, Richard Bailey, Don Ingraham, Don Hunt, Herb Folkers, Bill Harris, Bob Heavener, Bill Heidrich, Paul Francis, Bob Elliott, Fred Madsen, John Mann, Jim Staley, and manager awards went to Richard Miller, Edward Woodward and Edward Feherbacker.

**Variety Spices
Frankfort PTA Meet**

The Frankfort PTA met in the school gym for its Dec. 8 meeting with Mrs. J. Farrell presiding. Mrs. Farrell announced that the PTA has purchased 25 more pairs of roller skates, bringing the total to 100 pairs.

A nominating committee of three was selected to prepare a list of candidates for the spring election of officers. Mrs. LeRoy Mager will act as chairman of the group, with Mrs. Carl Marlenfeld and Mrs. Herbert Bixler on her committee.

The group was entertained with four appropriate selections from 30 members of St. Peter's Children's choir, with Rev. Blazer directing.

Rev. Steele, pastor of the Frankfort Methodist church, spoke on Christmas customs in other lands, and told of his recent trip to the Chicago Museum of Science and Industry where each week a special Christmas program is presented depicting traditions and customs of various lands, after which a meal typical of that country is served.

The fourth grade won the December room award. The trustees, for the meeting were: Mrs. Joseph Petouch, chairman; Mrs. Earl Moss, Mrs. Oran Doist, Mr. Wilbur Klier, Mrs. Henry Landau, Mrs. Marion Seaman, Mrs. Charles Mark, Mrs. Raymond Smith and Mrs. Lee Robinson.

The group was entertained with four appropriate selections from 30 members of St. Peter's Children's choir, with Rev. Blazer directing.

**ATTENTION
ADVERTISERS!**

This week end we are printing for next Dec. 23 our special Christmas issue. If you have not been contacted for a Christmas greeting ad and wish to have such an advertisement in this Christmas issue, please phone us at once - Mokena 3521.

We do not want to miss anyone, and there will be time to get your Christmas greeting ad in this special issue, if you call at once.

Prophecy Concerning The Messiah

The glory of the new Zion and the way of holiness; the story of the Son of God as revealed by the prophet Isaiah in the 35th chapter of Isaiah.

**Honor 'Prince Of
Peace' in Mokena
Church Services**

The Parkview Baptist church in Mokena will hold their Sunday school Christmas program Monday evening Dec. 20 in the Mokena VFW hall at 8 o'clock.

This Sunday evening service will be held in the Rydell home at 7 followed by a singingspiration.

In St. John's Evangelical church, Mokena, an adapted Christmas pageant, "The Christmas Greens, Symbols and the Nativity" will be presented Sunday evening Dec. 19 starting at 7:45. This will be given by the upper classes in the Sunday school with Mrs. Henry Clark directing the production. There will be 123 pupils participating. Sharon Lauffer and Robert Yunker will portray the parts of Mary and Joseph.

In the morning service in St. John's church, Christmas Sunday will be observed. At that time Mrs. Lydia Ryan, well known organist, will preside at the organ and play "The Shepherd's Carol," by Chubb as a prelude. She has selected "Silent Night" by Black for the offertory and "Jesu, Priceless Treasure" by Bach for the postlude. The choir, under the leadership of Oliver Kiesel will sing "Praise the Way of the Lord" by Garrett, and "Ye Watchers and Ye Holy Ones," old German adapted by Cray. The pastor, Rev. William Riemann will base his sermon theme on "The Point of Christmas," taken from Luke 2:11.

Services in the Mokena Methodist church for Christmas Sunday, Dec. 19, will be the Sunday school at the usual hour of 9:30 and a special Christmas service by the pastor, Rev. Dale Kleinschmidt at 10:45 a.m.

In the evening at 8 o'clock the Sunday school will present their Christmas program, "The Story of Christmas" in regency and song. The choir will also take part.

On Christmas Eve, Dec. 24, the pastor will conduct a candlelight service of meditation and music, at 8 p.m.

**Dies Of Heart
Attack In Her Home**

Mrs. Mary Fordonski, 66, of Joliet mother of Thomas Fordonski, of Tom's Truck Stop at Lincoln Estates, died suddenly in her home Monday morning. When her husband returned from church he found Joliet firemen working over her with an inhalator, but to no avail. She had been suffering from a heart ailment.

Born in Poland, Dec. 25, 1887, she came to this country with her parents, Mr. and Mrs. Frank Fordonski when 13 years of age. They settled in Lemont where she lived until 1905 when she married John Fordonski and they established their home in Joliet. Her husband is a retired custodian at the Holy Cross church and school. She was a member of the Polish National Alliance and Altar and Rosary society.

Surviving besides her husband and son, Tom, in Frankfort, are four other sons, Walter, Alec, Edmund and Felix of Joliet; a brother Stanley of Lemont, and six grandchildren.

Funeral services were held Wednesday morning in the Holy Cross church with burial in the church cemetery.

**MOKENA LIBRARY
CLOSED DEC. 22 AND 29**

The Mokena library will be closed on two regular opening dates, Dec. 22 and 29 for the holiday period.

Regular hours will be resumed again starting Wednesday evening Jan. 5, 7:30 to 9 p.m.

Mokena Grade School Volley Ball Team

Pictured above is Mokena grade school's volley ball team, co-champions of the DesPlaines Valley Conference. The season's record is six wins and 1 loss. Back row, left to right, Madeline Selnick, Carol Egness, Claudia Halverson, Sharon Cappel, Kay Swinford, and Beverly Johnson. Center row: Gerriann Hull, Karen Anderson, Herbert Wrath, Sandra Swinford and Barbara Daugherty. Front row: Carolyn Schwartz, Phyllis Hacker, Carol Gilmore, Margaret Jones and Patricia Dath.

CARD OF THANKS

I wish to thank my friends, relatives and neighbors for the lovely cards and gifts sent to me in the hospital and at home.

MRS. ERVIN MARQUARDT

Charles Nielsen, recent medical patient in St. Francis hospital is convalescing at home and improving some each day.

Mrs. Ruth Freitag recently returned from a two week vacation in California and Colorado. She flew via TWA to Los Angeles where she met Mr. and Mrs. John E. Mollan of Chicago who had motored to the coast. Together they traveled by car to

San Francisco where they visited The Farmer's Market, and many other points of interest. They drove down the coast to Tijuana, Mexico and spent several days there. Mrs. Freitag called on Jo Smith, former Tinley Park resident, and enjoyed a short visit. Returning on the Santa Fe Chief, Mrs. Freitag planned to stop over at Colorado Springs. Here her nephew Carol Garrett met her who had an interesting sight-seeing trip arranged. The Garden of the Gods was one of the most breath-taking wonders of the entire trip. Mrs. Freitag arrived home via United Air Lines and says travel by air is really the way to go places.

Little Edi-Lu Kent, daughter of Mr. and Mrs. Hal Kent, had the misfortune to break her collar bone two weeks ago. She has not made satisfactory progress and has been put into mobile traction. This treatment is very confining and trying for a small child. The Kents have tentatively planned to spend Christmas in Florida.

The Donald Skinner family of Wayne, were guests of Mr. and Mrs. Don Hollingshead Saturday. The Skinners are former residents of Tinley Park.

Ronald Holt celebrated his birthday last week with a party for 11 friends. Games were enjoyed. However the most interesting feature of the party were the refreshments which were the traditional birthday fare.

Mr. and Mrs. Burley Anfield and sons and Mrs. Edith Arnold were dinner guests of Mr. and Mrs. Howard Heckel in Chicago recently.

Mr. and Mrs. Jack Panozzo held open house Sunday in honor of their son John, who made his first communion in St. George's church.

Mr. and Mrs. Robert Johnson of Chicago were dinner guests Saturday evening at the Charles Schara home.

Delores Yunker entertained a group of ladies in her home at a demonstration party recently.

Pvt. Donald James Gross has been transferred from a remapping unit in Austria to a Meteorology unit in Germany. He had received training in this field at Fort Sills, Okla. and will complete his two years in service in June, 1955.

Mr. and Mrs. Noble Ginther were dinner guests Thursday of the latter's mother, Mrs. Alice Newton in Joliet.

Mr. and Mrs. Raymond Swallow of Chicago announce the birth of a daughter, Susan Marie, born November 23 in the Evangelical hospital, weighing seven pounds nine ounces. Mrs. Swallow is the former Pat Jensen.

Rev. and Mrs. Glenn Ames and Mr. and Mrs. Harry Schmidt attended a performance of the "Messiah" given by the Orpheus choir of Olivet college, Sunday evening in the First M. E. church in Kankakee.

Mrs. Louis Bochstahler plans to leave sometime next month for Metz, France where she will join her husband who has been

stationed there for the past two months. She will be living with in 100 miles of her former home in Belgium. After a 3-year tour of duty, the Bochstahlers plan to return to Tinley Park.

Mrs. George Lindemann has been hospitalized since the end of last week, due to a recurrence of her previous illness.

Mr. and Mrs. Lynden DeYoung are proud to announce the birth of their first child, a daughter, Ann Elizabeth, born Dec. 9 in the West Suburban hospital. All the pupils in Mr. DeYoung's class at the Tinley Park school received bubble gum cigars!

MR. AND MRS.

"I've been looking over our Christmas cards," Mrs. Rimer said as her husband turned off the television set. "We—"

"Got some nice ones," didn't we?" George interrupted. "How many?"

"I haven't counted, but what I did notice is that at least two out of three are what I'd call 'Christian cards'—pictures of the Christ Child, the stable at Bethlehem, and things like that."

"I noticed that too," George agreed.

"I wonder if it means that people are becoming more religious?"

"More people I meet in business are going to church," George volunteered.

"I think," said Mrs. R. "that it's because we are face to face with problems that baffle human wisdom. People realize that they need Divine help to avoid disaster in the struggle with World Communism."

"Could be. The President's been setting us a good example."

"You remember what the minister said at the end of his sermon Sunday?"

"Not exactly."

"I'll never forget! He said: 'Under God's hand, we are masters of our fate.' And I think we ought to remember it, always."

What is believed to be the world's thickest coal deposit—6 billion tons of lignite in an area of only 40 square miles—lies at Yallourn in Victoria, Australia.

Holiday Jumbles

Delicious fresh orange flavored cookies are a taste treat for the youngsters waiting for Santa Claus or for the grown-ups playing Santa. These Holiday Jumbles are perfect stocking stuffers too.

The richness of these delectable cookies comes from the combination of Good Luck margarine and orange and lemon rind. They're Good Luck for the busy homemaker because they're easy to make and economical. It's fun to make them, too, because the long rolled strips of dough can be formed into circles, figure-eights, triangles, or initials.

2 bars (1 cup) Good Luck margarine
1 teaspoon grated orange rind
1 teaspoon grated lemon rind
1 cup sugar
1 egg, unbeaten

2 1/2 cups sifted all-purpose flour
1 teaspoon baking powder
1/2 teaspoon soda
1/2 teaspoon salt

Let margarine soften in mixing bowl at room temperature (about 1 hour). Add grated rinds. Add sugar gradually, creaming until light and fluffy after each addition. Add egg and beat well. Sift flour with baking powder, soda, and salt; add to first mixture gradually, mixing thoroughly after each addition. Chill several hours or overnight. Dredge floured cloth or board with sugar, and roll small pieces of dough to thickness of a pencil and 3 1/2" long. Join ends to form circles 1 1/2" in diameter. Bake on greased baking sheet in moderate oven (350°F.) 10 to 12 minutes. Makes 10 1/2 dozen small jumbles. For larger jumbles, roll larger pieces of dough to thickness of a pencil and 6" long. Join ends to form circles or shape into triangles or figure-eights. Makes 8 dozen.

Work To Cut Deaths By Drunk Drivers

Newly elected National President of the W.C.T.U. (Women's Christian Temperance Union), Mrs. Glenn Hays, is congratulated at the close of a "non-drinking" rally in Chicago by Reverend Sam Morris, nationally famous radio personality known as the "Voice of Temperance."

According to Reverend Morris, fatal traffic accidents by drinking drivers in the United States are three times as deadly as polio. If drinking drivers were eliminated from our society, more than 8,000 deaths would be avoided, plus some 200,000 personal injury accidents, he said.

Reverend Morris is also co-founder and President of the Preferred Risk Mutual Insurance Company of Des Moines, Iowa, the first company in the United States to offer auto insurance at reduced rates to drivers who do not drink.

A MERRY CHRISTMAS FROM PETER PAN. To the Neverland of fantasy comes a realistic note as Christmas comes early this year to Heller Halliday, shown receiving a United States Savings Bond from her mother, actress Mary Martin. Both are playing in the current Broadway musical production of James Barrie's immortal "Peter Pan." As Peter Pan, Miss Martin wishes that every boy and girl could receive a Savings Bond for Christmas. So she hopes that parents will play Peter Pan to their children by giving them the Christmas present for a brighter tomorrow—a United States Savings Bond.

New Plant For Recovery Of High-Grade Iron Ore

A pyrrhotite treatment plant is being built in the Copper Cliff, Ontario, area by International Nickel. It will treat 1,000 tons per day of pyrrhotite concentrates in the first unit of an operation which will ultimately yield about 1,000,000 tons yearly of high-grade iron ore as a by-

product of nickel recovery. Using a process developed by the company's research staff, the iron ore recovered will be higher in grade than any now produced in quantity in North America.

A mobile, extensible belt conveyor for use with continuous mining machines, said to be capable of increasing coal mining productivity by as much as 50 per cent without adding to the

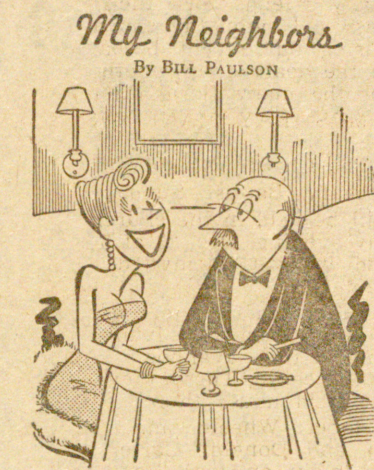

working force, has just been made available to the industry.

"Gosh, if they'd just give me the \$12,000 it takes to make just one job, I wouldn't clutter up the labor market!"

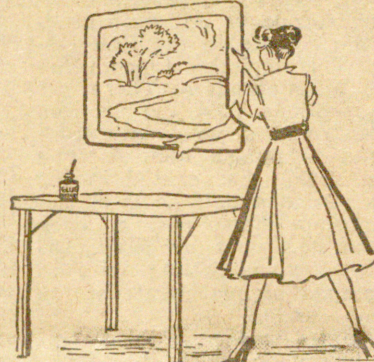

Picture Mounting Board

ARTISTS like to feel that their paintings are not only for contemporary enjoyment but "for the ages." In time, canvas will rot. Of course, it is fragile to begin with and subject to tears and rents.

Many artists nowadays are using a modern building material, Masonite Tempered Presdwood, available in lumber yards, instead of canvas. It's easy to paint on, and its durability is unquestioned.

In addition to being useful for the painting itself, the Tempered Presdwood makes an ideal backing

for artistic work executed on paper or canvas. As illustrated, the artist simply attaches the painting on the hardboard with waterproof glue, leaving a properly proportioned margin around the edges.

Corners of the backing material should be rounded and the exposed edges lightly sanded. To hang a picture or photograph mounted in this manner, use picture wire, attaching it to the back of the hardboard by means of glued-on paper hangers.

Tempered Presdwood sawed into small rectangles or even into special shapes with a coping saw, which cuts curves, is an ideal mounting for the display of snapshots or photo enlargements. Use rubber cement, so that occasional changes of picture may be made.

HOMER

Lockport, R. 1
Telephone Lockport 1387M

Mr. and Mrs. William Roberts of East Seventh St., Homer twp. will celebrate their 25th wedding anniversary by holding an "open house" for their friends at their home Dec. 19, from 2 to 5 in the afternoon, and from 7 to 9 in the evening.

Mrs. Reed Burch will be the assisting hostess at the Christmas party sponsored by the Prima African Violet club Tuesday evening, Dec. 14 at 7:30 pm. in the home of Mrs. Ralph Green in Lockport. Secret pals were revealed and there was a display of beautiful wrappings for Christmas packages.

The Robert Rasmussen family have moved from the Ira Anderson house on North Cedar road,

to the school house on South Parker road.

June Welter, student nurse at St. Joseph's hospital will spend three months in special training at Elgin State hospital.

Mrs. Arthur Stanensen of Joliet has recently accepted a position as teacher of the younger grades at a Hadley school. She fills the place of Mrs. Mary Filletti who resigned.

Sgt. Robert J. Boyce who is a field wireman in the 24th Signal Co. has recently left Korea, having been assigned to Hakata, Japan. He entered the army in March 1953.

Rev. H. M. Finley was the guest speaker at Homer church Sunday. The special music was a duet by Rita Rodgers and Mrs. John Hollister, accompanied on the organ by Betty Anderson.

Two short plays sponsored by the Hi-X club Saturday evening were greatly enjoyed by the audience as was also the extemporaneous performance by local people during the intermission.

Mrs. John Hollister was one of the soloists at the Christmas concert at the Joliet high school Tuesday evening.

Several people from here attended the Christmas concert at Lincoln-Way school Sunday afternoon, in which Mrs. Hollister and also Faye Anderson participated.

Plans are being completed for the Christmas program and tree at Homer church on Christmas Eve at 7:30. All Sunday school classes and the choir will have parts in the program.

Iris Filipowicz is ill at her home with tonsillitis.

Mrs. George Ott has returned from Blue Island where she stayed several days with her daughter, Mrs. Frank Hartman, who recently underwent major surgery.

Mr. and Mrs. Jerome Paddock attended the Globe Christmas party Saturday evening.

Local schools will close Wednesday, Dec. 22 for the holiday vacation.

LINCOLN ESTATES

Mrs. James Dixon

CARD OF THANKS

I want to extend my sincere thanks and appreciation to our many friends for their kindness and sympathy shown to us during our recent bereavement in the death of my mother. Also for the many floral offerings.

MRS. RAY MANKOWSKI

The Christmas program of the Calvary Baptist Sunday school will be held in the church Thursday evening, Dec. 23 at 8 o'clock and everyone is invited to attend.

Mrs. Donna Carter and Mrs. E. M. Holzbach of Ivanhoe, attended the Ivanhoe Women's club meeting Tuesday evening at the field house there.

Robert Wheeler and son Dennis and Donald Carter, Steve Studnicki and son Ronnie, Geo. Storm and son Richard, James Dixon and Robert Heavener all attended the football banquet in Lincoln-Way high school Wednesday evening. Ronnie Studnicki, Richard Storm and Robert Heavener received football letters.

Mr. and Mrs. George Storm and family, Mr. and Mrs. Mario Albers of Chicago had dinner Sunday at the White Fence farm in Lemont in observance of Mrs. Storm's birthday.

Mr. and Mrs. Lawrence Griffin, Jr. are the parents of a daughter born to them Nov. 30 in St. James hospital in Chicago Heights. The baby has been named Lisa Ann.

Mr. and Mrs. Henry Dobbs and Mr. and Mrs. Edward Kasper and daughter of East Chicago were dinner guests Sunday of Mr. and Mrs. Nick Nijakowski.

Mr. and Mrs. Jack Miller and children of Western Springs

were dinner guests Sunday of Mr. and Mrs. Robert Wheeler.

Mrs. Barbara Hart attended a Christmas party Tuesday evening, given for the employees of the Standard Oil Co. at the White Fence Farm in Lemont.

Paul Kluth has returned to his work after being ill a week with the flu.

Mrs. Emerth Boydon is ill with the flu.

Friends of Miss Pamela Wroblewski of Gary, Ind., granddaughter of Mr. and Mrs. Emerth Boydon, will be glad to know that she appeared on the TV program, "What I Want To Be When I Grow Up", Saturday evening and won a cocker spaniel.

Mr. and Mrs. Faye Nickelson of Chicago were guests of their daughter, Mr. and Mrs. Richard Andrews and family Sunday.

Mr. and Mrs. William Lockwood entertained Mr. and Mrs. Albert Swatek, Mr. and Mrs. Mark A. Elphick and Mr. and Mrs. James Dixon Saturday night Pinochle was played with prizes going to Mrs. Lockwood, first and Mark Elphick, second.

The Christmas party sponsored by the Ann Rutledge PTA, Monday evening, was well attended. After the meeting and a community sing, a grab bag was enjoyed. Refreshments were served by Mrs. Len Cummings, Mrs. Ray Florey, Mrs. George Kaehler, and Mrs. James Dixon. The serving tables were decorated for the Christmas season.

MOKENA

Mokena 3521

A party was held in the home of Miss Mary Goddard of Sunny Acres, recently, in honor of her 21st birthday. Dancing was enjoyed to recorded music followed by buffet supper. Guests came from Chicago, Tinley Park and Joliet.

The Misses Doris Yunker and Barbara Martie entertained in the former's home Dec. 5 to honor Miss Joan Martie and her approaching marriage. There were 25 guests present who surprised Miss Martie with a miscellaneous shower. She was presented an orchid corsage. Games were played with prizes going to Shirley Jones, Clarka Belle Simpson, and Dolores Cooper and duplicate prizes to the honored guest. The dining table, from where refreshments were served, was decorated in the Christmas-wedding motif. Miss Martie received many lovely gifts.

Mr. and Mrs. Everett Cooper will entertain the Evening pinocle club in their home this evening Dec. 16.

The Mokena Book club met Friday evening in the home of Mrs. Milton Geuther with Mrs. Henry Boleman as hostess. Mrs. Richard Sippel reviewed the book, "My Brother's Keeper" by Maria Davenport, a new best seller. This book has been purchased for the Mokena library.

Mrs. Lewis A. Carnahan of New Buffalo, Mich., is visiting with her daughter, Mr. and Mrs. Edward Akers and family in Woodland circle. She will remain till after Christmas.

The Women's guild of St. John's church meet this afternoon, Dec. 16, in the church. Mrs. Lester Schiek will have charge of the devotions and Mrs. Amanda Schultz will present the lesson study entitled "The Lord Is My Light." A film will be shown "The Emmanus Home". Hostesses will be Mrs. Fred Yunker, chairman, assisted by

Mesdames Phillipena Bettenhausen, Andrew Cappel, Walter Spiess, Emma Cappel, Eugene Hinspeter, Anna Koopman, Harry Mall, Orville Yunker, Carrie Mattes and Lester Schiek.

Donald Olson entered Silver Cross hospital Monday to have a cyst removed from his back. He returned home Tuesday where he is improving nicely. His mother, Mrs. Dorothy Olson is improving nicely from surgery which she underwent in Silver Cross hospital late in November.

Mrs. T. O. Lackey who entered Silver Cross hospital last Tuesday, is receiving treatment for a back ailment.

Mrs. Grace Shoop, mother of T. Arthur Shoop, was removed to Silver Cross hospital where she is ill with the flu.

Lyman Teague, jr., son of Mr. and Mrs. Lyman Teague, was removed to Silver Cross hospital last Tuesday where he is ill with pneumonia. He is doing nicely and expects to return home this week.

The Women's Society of Christian Service of the Methodist church met last Thursday afternoon in the home of Mrs. William Bradley, with 17 members present. The group gave \$50 to the church building fund and \$5 to Lake Bluff orphanage.

After the devotions and program a Christmas party and gift exchange was enjoyed.

The Men's Breakfast group of the Methodist church met Sunday morning for breakfast and meeting at the Valley View restaurant.

Mrs. Clida Deadmore and sister Mrs. Margaret Semmler enjoyed dinner at the Valley View restaurant last Thursday evening with former school friends from Joliet and Lockport. Others present were Mr. and Mrs. Roy Engel and Mr. and Mrs. O. Rundquist, Joliet, and Mr. and Mrs. Roy Merrill of Lockport.

Mrs. Merrill, the former Hope David, who taught school in and near New Lenox many years ago, had not met Mrs. Deadmore and Mrs. Semmler for about 40 years.

Hanging Shelf

SINCE students usually are interested in novelties, a hanging bookshelf over the desk will strike their fancy and be functional, too. Simple to make, the bookshelf consists of a framework of 1 by 2-inch lumber, of the desired length and about one foot wide, covered

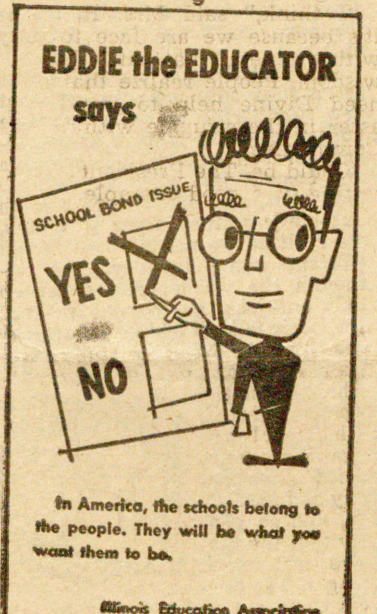

with Masonite 1/4" Tempered Presdwood that is glued to the top and bottom.

As shown in the illustration, the shelf is suspended over the desk by means of heavy cord looped through screw-eyes. The shelf's front edge should tilt slightly. Edges of the hardboard should be rounded slightly with sandpaper.

The surfaces of Tempered Presdwood may be left in the natural dark brown color, with the exposed framework stained or painted, or they may be waxed, stained, varnished, painted or enameled.

By using Masonite Presdply, three-fourths of an inch thick, the same type of shelf may be produced with even less effort. Wood moulding glued to the edges is suggested when using Presdply, which has a core of plywood and surfaces of Tempered Presdwood.

READ THE CLASSIFIED COLUMNS FOR RESULTS

High Winds Weak

Winds of 1,100 miles per hour at an altitude of 65 miles have the force of a one-mile-an-hour wind at sea level. The science section of the American Peoples Encyclopedia Yearbook of 1952 events, which will be published in May, explains that wind packs no punch in the ionosphere because at 65 miles up, there is only about one-millionth as much air to push around. This was learned in a study of con-

ditions in the atmosphere 65 to 100 miles above the earth's surface made by scientists of the National Bureau of Standards working with the staff of the Cavendish Laboratory, Cambridge, England.

Millions of Cows

The American Peoples Encyclopedia 1953 Yearbook reports that there was an average of 21,616,000 milk cows on farms in the United States in 1952.

The 10 Commandments of Safety

- 1 Treat every gun with the respect due a loaded gun. This is the first rule of gun safety.
- 2 Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.
- 3 Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.
- 4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
- 5 Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
- 6 Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
- 7 Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
- 8 Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
- 9 Never shoot a bullet at a flat, hard surface or the surface of water; when at target practice, be sure your back stop is adequate.
- 10 Avoid alcoholic drinks before or during shooting.

Reprinted from WATCH THAT MUZZLE, a leaflet supplied free in quantities to anyone interested in advancing the cause of hunting and shooting safety. Send requests to SPORTSMEN'S SERVICE BUREAU, 250 East 43rd Street, New York 17, N. Y.

EDDIE the EDUCATOR says

Nearly 20,000 children in Illinois are limited to half-day school sessions this year. Is your community providing adequate buildings for the expected school population—or will your children, too, go on half-day sessions?

Illinois Education Association

Extension Course In Arithmetic To Be Taught At JTHS

Illinois State Normal University has completed arrangements for Dr. Francis Brown to teach the extension course in Foundations in Arithmetic E201 in Joliet beginning with the meeting at 5 p.m., Monday, Jan. 24, Verne E. Cracker, County Superintendent of Schools announces. This will give three semester hours of senior college credit, and will meet a requirement in the four-year elementary curriculum on their campus. The registration fee is \$15.00. There will be 16 meetings, each 150 minutes in length. Attention will be given to the fundamentals of arithmetic, and to the teaching of this subject at various grade levels.

Next fall, Illinois State Normal University will offer a graduate course in geography entitled, "Resources of the Continent - E320". Dr. Clarence Sorensen will be in the instructor. This will be open also for undergraduate credit to teachers with the minimum of 90 semester hours.

These two courses will be offered at the Joliet Township high school as a part of the Adult Education program.

Contact the Junior College office for registration details.

So this is HOUSEKEEPING

Have you ever tried to cut a raw egg in half?

The other night I thought I would try out one of my grandmother's old cookie recipes. Remember when the proportions ran something like two pounds of flour, a pound of butter, a dozen eggs, five pounds of sugar, etc.?

Well, in figuring out how to cut this down to size for my family, I came out with half an egg! And how can you divide an egg? You can separate it, but then you have the white and the yolk, two entirely different things. Trying to decide which half of the egg to use is about as hard as trying to decide between a Whirlpool washer and dryer. And that reminded me of the time we bought our laundry unit.

Our first thought, naturally, was for a fully-automatic washer, that new wonderful washing machine built with every feature known to day for convenience, performance and beauty. But when we went to look at it, and found there was an automatic clothes dryer to match, we realized we needed both for an efficient home laundry. For although the washer and dryer do different jobs, having one without the other is kind of like separating the egg. The Whirlpool fully-automatic (gas or electric) dryer finishes the job the washer started. This is a clean, clean clothes are dried scientifically and perfectly, and so gently that the fabrics last much longer. The towels come out fluffy—ready to fold and put away; clothes come out fresh and ready to iron. And with the laundry unit, you can cut down on your clothes budget too! Leading university surveys prove that use of an automatic washer and dryer permit a saving in clothing dollars up to 1/3 in a family of four. Imagine! Why with that kind of savings, the laundry unit pays for itself in no time. Other advantages include a five year warranty on the sealed-in transmission; precision-cut gears that have lifetime lubrication, never need oiling; and all replacement parts are available for at least fifteen years. We just couldn't resist such a buy, so we got both the washer and the dryer.

But going back to my recipe I decided that if the washer and dryer were so much better as a unit, then my cookies would be better and richer with a whole egg, so I put it all in! P.S. They were too!

American Legion To Sponsor "Education For Freedom"

To bring knowledge of American history and principles to citizens of every community in the state, the Department of Illinois of The American Legion has adopted a program of "Education for Freedom."

This was disclosed today by State Commander Irving Breakstone.

The program was officially launched as a major Americanism activity of the Legion, Wednesday, Dec. 15—anniversary of the adoption of the federal Bill of Rights.

State Commander Breakstone: "Education for Freedom" is being adopted as a Department of Illinois program following two years of successful operation in Cook county under a Cook County Council Legion committee headed by John W. Bottomley. Each Legion Post will appoint an Education for Freedom chairman, whose duty it will be to spread the study and understanding of American history, principles and issues as widely as possible in his community.

"An official manual has been prepared and distributed to all 1132 Legion Posts in the state. The manual will also be official for the 833 Auxiliary units.

"Education for Freedom" will use one of the most interesting and effective educational methods ever devised. It is the old American discussion method used

ed by Benjamin Franklin in conducting his ' Junto' group in Philadelphia, and by Abraham Lincoln in swapping ideas with his neighbors.

"A variation of this method is being used in schools and college seminars. In the form of Radio and TV programs, it has proved that education can be entertaining. The Legion manual contains sample questions on the Declaration of Independence, the Constitution and readings from Abraham Lincoln. These are basic to any understanding of American principles. However, discussion programs based on other important source materials will be used.

"The important thing is that everybody reads, thinks and talks up both freely and intelligently about those principles he has undertaken as a Legionnaire to safeguard and hand down to posterity. Helping to make this program possible is the aid of The American Heritage Council, an independent non-profit educational institution."

Three coal companies - Pittsburgh Consolidation Coal Co., Eastern Gas and Fuel Associates, and Island Creek Coal Co. - last year each produced more than 8 million tons of bituminous coal in their West Virginia operations alone.

THE OLD TIMER

"Some men with big ideas about how to run our ship of state can't even paddle their own canoe."

Silver Dollars In Use

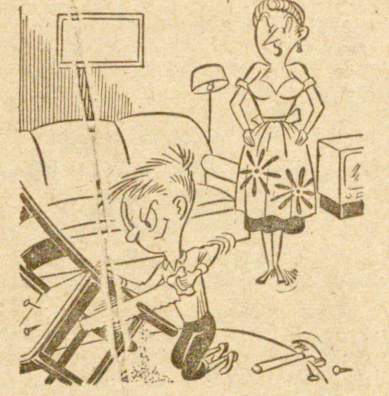

There are about 187 million silver dollars in circulation in the United States, the new Yearbook of the American Peoples Encyclopedia reveals. Subsidiary silver coin in circulation totals \$1,135,000,000 and minor coin such as nickels and pennies in use total up to 407 million dollars.

Food Production

World food production barley kept pace with population increase in 1952, according to a United Nations survey reported by the 1953 Yearbook of the American Peoples Encyclopedia. Production of food crops during the year rose only 1 per cent above 1951 levels, while non-food crops also registered a 1 per cent gain. The uneven distribution which has plagued the world for many years continued, the report stated, with the result that "millions of human beings were less well fed in the 1952-53 period than they were in pre-World War II days."

My Neighbors

By BILL PAULSON

"It's a darn good thing you're my son -- if you weren't, I wouldn't let him associate with you!"

ROLLER SKATING

Continued from page 1

terval from 7:30 to 7:45 during which no one may skate on the floor. This includes those who bring their own skates. The beginners must have time to get off the floor and get the skates back in. The music will be stopped for these 15 minutes. Do not go onto the floor until music starts again!

The second session for teen agers and adults will begin at 7:45 and last until 9:45 and will cost 50 cents.

Mr. Uthe has two permanent skate boys. He has asked for permanent ones so he will not have to break in new ones each time. However to give all the 7th and 8th grade boys a chance to serve if they want to, we are starting a system of taking the boys alphabetically, two at a time, to serve for one night to help out the regular ones. The skate boys must report to Mr. Uthe for instructions by 6:15 at the latest. They will put on skates and take them off for both sessions.

They will help Mr. Uthe in the oiling and care of skates and come earlier than 6:15 when instructed. They will skate freely in between work. They will put the skates away after everyone is through with them.

Everyone must stay off bleachers with their skates and no one is allowed in the gym with refreshments of any kind. All who bring their own skates must let them be inspected at the door. Worn down rollers seriously mar the floor and should be replaced by the owners. We reserve the right to refuse to let skates that are not in good condition come on our floor.

Several parents have called and asked about buying their own skates. A few fathers who wanted to skate have not been able to because we are not yet equipped to supply them with a skate to fit their shoe size. At present we can only fit a teen properly.

If you would like to assure yourself of being fit or if you want to be sure of your child getting to skate every time and are interested in buying clamps on or shoe skates for child or adult please call Mrs. Walter Schoen 4882. This service is only available for parents and children in the Frankfort school district and Lincoln Estates.

The money for skates must be taken to Mrs. Schoen no later in the week than Tuesday for delivery two weeks later. The deadline to get skates for Christmas delivery was Dec. 10.

Any child who is called off the floor for unnecessary roughness, or any person not willing to abide by the rules may forfeit their right to skate.

Even if we invite in more skates, since our crowd may vary from time to time, we may not always be able to supply everyone so prepare your child for possible disappointment in case of an overflow crowd until we can see what the average attendance is going to be.

Salvation Army Begins Yule Visits To Institutions

The Salvation Army's League of Mercy on Dec. 6 began their

Christmas visits to medical and detention institutions in the Chicago area. They brought cheerful greetings and gaily wrapped gifts. The visits will continue through Dec. 26.

On the visiting schedule are: Bethany Home for the Aged, 5015 N. Paulina, Swedish Old People's home, 5145 N. California ave., Norwegian Old People's home, 6016 N. Nina, Lydia Children's home, 4300 W. Irving Park, Swedish Societies Old People's home, Evanston, Evanston hospital, and Home for the Deaf, Evanston, Chicago Home for incurables, 5535 S. Ellis ave., Chicago State hospital, Oak Forest institutions, and many others.

Public clamency regarding the tuberculosis problem might well undo the gains made in the fight against the disease.

This warning came today from Dr. Julius B. Novak, medical director of the Tuberculosis Institute of Chicago and Cook county, as that organization's 1954 Christmas Seal sale neared the end of its third week.

While it is true that the num-

ber of cases of death from tuberculosis is dropping sharply each year," Dr. Novak said, "it is also true that the number of cases discovered each year remains about the same."

"As long as this is so, we will have a public health problem, for since tuberculosis spreads from person to person, we cannot consider the disease controlled until there are no new cases."

"Last year, there were 3737 new TB cases in Chicago, and an additional 316 new cases in suburban Cook county. During that period, there were 808 TB deaths in Chicago, and 60 suburban residents died of the disease. This area has an estimated 4,000 unknown tubercular, each in position to infect others. Until they are all found, and until each is under medical care, we cannot afford to rest in our efforts," Dr. Novak declared.

Funds raised in the Christmas Seal Sale, he pointed out, will be used for support of the Institute's cooperative chest x-ray campaign, operated in conjunction with official health agencies. Christmas Seal dollars will

also be used for educational programs, medical research and rehabilitation services for those recovering from TB.

Meanwhile, campaign officials said that incomplete tabulations show receipts of more than \$260,000 during the first two weeks of the Christmas Seal Sale, which opened November 15 and which has an unofficial goal of \$725,000.

"While this immediate and generous response is gratifying," they said, "it is essential that those who have not yet answered their Christmas Seal letters do so, in order that we may continue our effective tuberculosis control program at full rate."

Christmas Seal booths will open in many communities next week, it was announced, for the benefit of those who wish additional Christmas Seals or did not receive Christmas Seal letters.

Auger mining, where coal is removed by giant drills, produced more than a million and a quarter tons of bituminous coal last year in West Virginia.

Clearing House To Channel Christmas Gifts To Needy

Families, club groups, church associations and others planning to give Christmas gifts to a needy family or to an institution are urged to call the Christmas Clearing House at 123 West Madison street (Randolph 6-0363).

The Clearing House channels Christmas giving to agencies and institutions which have less fortunate families under their care. Donors may be sure, by calling the Clearing House, that their gifts will meet a genuine need.

Social agencies also use the Clearing House, avoiding duplication of help by registering the names of individuals each is aiding.

The Christmas Clearing House is a seasonal operation of the Community Referral Service, a department of the Welfare Council of Metropolitan Chicago and a Red Feather agency of the Community Fund.

BABSON SAYS—

Copyright, 1954, Publishers Financial Bureau, Inc.

In my release of last July, I was quite bullish on the national crop outlook. Final results, which now are just about all tallied, largely confirm my earlier optimism. Although the 1954 total volume of all-crop production will not chalk up a new record, it will be relatively large.

Despite a series of hurricanes, severe drought in some areas, sizable shifts in land use and government controls, most of the miscellaneous crops are above the 1943-1952 average. Included in this group are oats, barley, rye, flaxseed, rice, sorghum, grain, cotton, all hay, dry edible beans, dry field peas, soybeans, tobacco, sugar cane, and sugar beets. Cotton—a major crop—is also above average. Below-average crops, however, include such major crops as corn, wheat, peanuts, Irish potatoes, sweet potatoes, and hops.

The outlook for fruits is, for the most part, favorable. However, I expect below-average crops of grapes and commercial apples. Supplies of the delectable cranberry will be sufficient to meet holiday, as well as winter needs. A whopping early and mid-season outturn of citrus fruit is indicated. The pear crop should be about average size. Pecans are likely to be in short supply in the year ahead. In the case of almonds, filberts, and walnuts, I expect above-average crops.

The indicated corn outturn of 2,938,713,000 bushels is down 7.5% from 1953 and 4 per cent below average. This crop may well fall short of probable consumption in 1954-1955. However, the October 1 carryover of 918,200,000 bushels (largely in the hands of CCC) was a record high. Thus, total supplies should suffice, but the carryover next October 1 will be reduced. I forecast higher average corn prices as the season works along. This is also true of apple prices.

U.S. farmers really "went to town" on soybeans. The indicated record outturn of 337,990,000 bushels will by no means prove burdensome, in view of the excellent outlook for domestic consumption and exports. Many farmers are holding their new-crop beans for higher prices, which, in my opinion, appears to be a smart move. In any event, they can put their beans into the government loan if prices should decline.

There will be much more than enough U.S. cotton to service total 1954-1955 requirements. The indicated crop of 13,206,000 bales is, along, sufficient for probable season's needs, not to mention the big carryover last August 1 of around 9,700,000 bales—largely in government hands. Cotton obviously is in trouble, but Uncle Sam no doubt will continue to bail it out by means of the loan and hopped-up exports. I have confidence in the cotton raisers. They are high-grade people who will work out a fair long-term solution.

Unfavorable growing conditions cut the rice yield in California, an important producing state. However, the four southern producing states, Arkansas, Louisiana, Mississippi, and Texas, turned in a fine performance. The total U.S. crop of 58,534,000 bags of rice, of 100 pounds each, is still a record high. Even so, supplies should not prove burdensome, and I forecast prices are likely to average somewhat higher over the longer term.

There is no question in my mind that the Democratic leaders in Congress will go to bat vigorously for the farmers in 1955-1956. For one thing, they probably will try to restore 90% supports, as compared with the present sliding-scale of 82½% to 90%. The fight on this program, I predict, will be stiff.

They may make a play also for a larger cotton acreage than the present permitted acreage of 18,100,000.

In any event, the farmers should not suffer next year. Farm prices certainly are in no immediate danger of collapsing. In fact, farm income in 1955 should be off only moderately from that of this year. This means that farmers will still enjoy a comparatively favorable status, and that agricultural areas will continue to offer good markets to aggressive merchandisers of attractively-priced quality wares.

Illinois Lawmakers To Convene Jan. 5

Both branches of the Illinois Legislature will meet in their respective chambers at noon, Wed., Jan. 5, but a lot of pre-session work has already started. Senate Republicans caucused in Springfield late last week to agree upon a president pro-tem and committee chairmanships. Senator Arthur J. Bidwell seemingly has the nod for president pro-tem now.

Under the law, Secretary of State Charles F. Carpenter will call the house together and will be its presiding officer until it has been organized. Rep. Warren Wood, Republican, Plainfield, is considered to be a sure-fire bet for re-election as Speaker of the House.

With the death of Rep. Hazel McCaskrin, Rock Island, in an Iowa automobile accident, the Republican majority in the House slipped to 78, only one more than is necessary to pass legislation. The control over legislation in the next session is precarious for the G.O.P.

NEW FARM CORN ALLOTMENTS NOW AVAILABLE

Any producer who intends to plant corn in 1955 on a farm

where no corn was planted during the years 1952, 1953 or 1954 should apply for a "new farm" corn acreage allotment if he wants any price support or an ACP payment in 1955. Mr. Roy M. Smith, chairman of the County Agricultural Stabilization and Conservation Committee states:

Marketing quotas do not apply to corn. The chairman explains. However, under the acreage allotment program the production of corn in 1955 on a farm which had no corn acreage allotment would make all the crops from that farm ineligible for price support in 1955. Likewise the producer on such a farm would be ineligible for any payment under the 1955 Agricultural Conservation Program.

Application forms for "new farm" corn acreage allotments are available at the County ASC office, 564 No. Chicago St., January 15, 1955 is the last day, such applications may be filed.

No request for a new farm allotment will be honored unless it is made in writing on or before the closing date.

Century in Farming Shown By Statistics

Reports made by Illinois farmers in the 1954 Census of Agriculture to be taken this fall will bring up to date the statistics now covering a century for the State's farms, according to Field Supervisor Mr. Edmund A. Moss of Chicago.

The 1954 census will yield information on number and size of farms, acreage and harvest of crops, livestock, selected facilities and equipment, television, food freezer, piped running water, tractors, trucks, etc., selected expenditures, and other detail.

Changes in number of farms, from 1850 through 1950 are shown below:

The value of all farms, land and buildings in 1850 was \$96,133,290. In 1950 this value was listed at \$5,894,905.00.

DIRT MOVERS
The world's largest power shovel—of which 16 are now operating in surface coal mining in Ohio, Indiana, Illinois, Kentucky and West Virginia—handles enough material in its 45 cubic yard bucket in one bite to fill an average living room; can swing this load two-thirds of a city block, and dump it on the roof of a 7 story building. The shovel weighs 1500 tons and uses enough electricity to meet the needs of a community of 3,500 people.

Electric utilities, to take care of their estimated load of one trillion KWH by 1965, are expected to consume more than 300 million tons of coal, which is more than 2½ times as much as was consumed for electric power generation last year.

Lack of vitamin A in the sow's ration can cause physical defects and weakness in pigs.

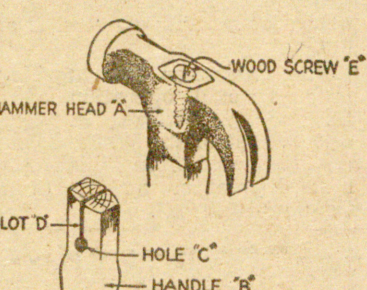

EXIN-UP TIPS For Farm and Home

Holds Hammer Head Tight

THERE are various ways of fastening a hammer head securely to the handle, but the method illustrated, which was shown in *American Builder*, "bible" of the building trades industry, is unusually effective.

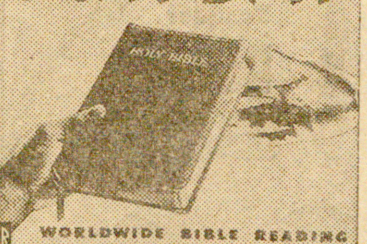

First drill a quarter-inch hole in the handle at C. Now saw a slot

through the top of the handle—D. Shape the handle so it fits the hammer head snugly.

By driving home a No. 10 or No. 12 screw at E, the handle end spreads and holds the hammer head tightly. If the wood dries and becomes loose, simply remove the wood screw and replace it with a number 12 or 14 wood screw.

FAITH FOR OUR DAY

For the eleventh year, the American Bible Society is sponsoring the Worldwide Bible Reading program from Thanksgiving through Christmas.

Setting aside a time each day for a specific Bible reading has received the support of people on all continents.

The readings are without note or comment, and one may use whatever version of the Bible he prefers. Below are the readings for each day, in the theme of personal faith as selected by numerous people from many denominations:

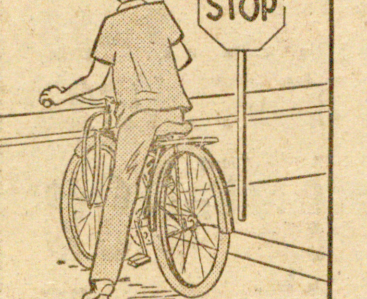

- 15 John 15
- 16 John 17
- 17 Romans 8
- 18 Romans 12
- 19 Sunday 1 Corinthians 13
- 20 1 Corinthians 15
- 21 Ephesians 6
- 22 Philippians 4
- 23 Hebrews 11
- 24 Revelation 21
- 25 Christmas Luke 2:1-20

Tips on Traffic Safety

By CHARLES F. CARPENTIER Secretary of State

This "Tip on Traffic Safety" is aimed primarily at the "Young Set"—the bicycle riders. Illinois law specifically states that bicycle riders are subject to traffic rules and regulations (Section 24, Uniform Act Regulating Traffic), but many of them pay little or no attention to the rules.

Bike riders are required to observe stop and go signals, stop

signs, traffic lanes and pedestrian rights just the same as automobile drivers.

In other words, a bike rider approaching a traffic signal with the red light on is required to stop and wait for it to turn to green before crossing the intersection. A bike rider is required to come to a complete stop at a Stop sign. He is required to keep to the right, and to yield the right-of-way to pedestrians when making turns. While you are still a bike rider, get accustomed to traffic safety practices. It will be very useful to you when you become an automobile driver.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Of all the energy generated by the electric utilities with fuels last year - coal, oil and gas, leaving hydro power out of the reckoning - coal's share was 65% of the total, or 218,800,000 kilowatt-hours.

In Greater Cleveland, coal generates enough electricity annually - more than 6 billion kw-hrs - to lift every man, woman and child in the world to the top of Mt. Everest - 29,002 feet.

PREMIERE CHRISTMAS GIFT—Radio-TV Star Art Linkletter has joined the National Tuberculosis Association and Warner Bros. in offering the world premiere of "The Silver Chalice," one of the year's most important motion pictures, to the town or city which records the greatest mail sales of Christmas Seals, in proportion to population, during the first three days of the annual drive. Any town, large or small, that can show a CinemaScope picture, is eligible to win the premiere, which is scheduled for December 17. Adapted from Thomas B. Costain's famous best-selling novel, "The Silver Chalice," in CinemaScope and WarnerColor, stars Virginia Mayo, Pier Angeli, Jack Palance and Paul Newman, Victor Saville produced and directed the picture for Warner Bros.

Heart Fund Drive

Organization of top leadership in all the suburban areas surrounding Chicago has been completed for carrying on the 1955 Heart Fund Drive of the Chicago Heart Association, according to announcement by Richmond Corbett, 346 Prospect Street, Lake Bluff, chairman of the entire suburban division.

In Cook County south area Edward Mathieu, 11 West 150th street, Harvey, will serve as general chairman. Mr. Mathieu heads the Mathieu Lumber and Supply company, 14300 South Western avenue, Blue Island.

Mr. Mathieu, an alumnus of Thornton Township High school and of Notre Dame university, is past president of the Rotary club of Blue Island, a member of the Harvey Junior Chamber of Commerce, as well as the Harvey Association of Commerce and of the Illinois State Chamber of Commerce. He is also a member of the Harvey Planning commission, and of the Retail Lumber Dealers association. He was chairman last year of the Fund raising activities committee for the Cook County South Heart campaign.

Committee organization for the County Heart Fund drive is under way, and appointments of additional leadership throughout the area will be announced shortly, Chairman Mathieu declares.

The 1955 goal for Cook county south is \$11,850, the area's estimated share of the \$680,500 which Chicago and its surrounding territory expect to contribute to the \$13,500,000 national goal of the American Heart association with which the Chicago Heart association is affiliated.

"Help your heart fund help your heart" is the slogan of the 1955 Heart Fund drive which will be concentrated on Heart Sunday, Feb. 27, when 35,000 su-

burban and city community workers combine their efforts to put the drive over the top.

In the generation of electric power in the U.S., total coal consumption in all regions where coal is a significant factor (excluding Florida, Mississippi, Arizona, the West South Central and the Pacific Regions), rose from 104 million tons in 1952 to 112.3 million in 1953, an increase of 8.8 million tons, or 8.4%.

PUBLIC NOTICE

Notice is hereby given that application for business licenses in the Village of Tinley Park, Illinois will be taken commencing January 2, 1955, and such application must be made in person at the office of the Village Clerk, 6755 West 174th Street (rear of Post Office Building, Tinley Park, Illinois) during Collector's hours as follows: Tues. 10 A. M. to 12 Noon, Thurs. 10 A. M. to 12 Noon, Sat. 1 P. M. to 3 P. M. Dated: December 16, 1954. VILLAGE OF TINLEY PARK By Elmer Knudsen, Village Clerk

PUBLIC NOTICE

Notice is hereby given that 1955 Vehicle Licenses for the Village of Tinley Park, Illinois, are now on sale. Application for vehicle licenses must be made in person at the office of the Village Clerk of Tinley Park, 6755 West 174th Street (at the rear of the Post Office). Office hours of the Village Collector are as follows: Tuesday 10 A. M. to 12 Noon, Thursday 10 A. M. to 12 Noon, Friday 7 P. M. to 9 P. M., Sat. 1 P. M. to 3 P. M. Passenger vehicle licenses are \$5.00; trucks over one ton, \$12.00. By board action, February 15, 1955 is the deadline for obtaining vehicle licenses. All violations of the ordinance will be subject to penalty and/or arrest.

Application forms may be obtained at the Bremen State Bank, Post Office, and the Office of the Village Clerk. VILLAGE OF TINLEY PARK By Elmer Knudsen, Village Clerk

Number 210. Will County, Illinois adopted a resolution declaring its intention to issue Working Cash Fund Bonds in accordance with the provisions of Article 20 of The School Code, as amended, such bonds to be in the principal amount of One Hundred Thirty Four Thousand Dollars (\$134,000.00), to be in the denomination of One Thousand Dollars (\$1,000.00) each, maturing Sixty Four Thousand Dollars (\$64,000.00) on November 1, 1973 and Seventy Thousand Dollars (\$70,000.00) on November 1, 1974, bear interest at the rate of three and one half per cent (3 1/2%) per annum, payable semi-annually. You are further notified that if within ten (10) days after the publication of this notice a petition is filed with the recording officer (J. Earl Robinson, its secretary) of this District, signed by not less than twenty per cent (20%) of the legal voters of this District requesting that the proposition to issue such bonds be submitted to the legal voters thereof, then such proposition shall be submitted at a special election which will be called by this Board of Education. If no such petition is filed within said ten (10) days, then this District will immediately proceed to issue said bonds. Dated this 17th day of November, 1954. Albert H. Krusemark, Jr., President J. Earl Robinson, Secretary

Dec. 16

Tough Stuff Oil country drill pipe, casing and tubing are built to take terrific punishment. They must stand extreme pressures as great as 10,000 pounds per square inch, stresses of 200 tons on pipe thread connections and long periods of strain from twisting and drilling. Only the finest seamless steel pipe, especially designed for the purpose, can meet those exacting requirements. To drill the many thousands of new wells needed every year calls for large amounts of this high-quality pipe.

Fuel Oil Saving Device Savings up to 20 per cent in fuel oil costs of home heating units are claimed for a mechanism developed by an oil company. Estimated to cost as little as \$15 when it becomes available in quantity, the device prevents the flow of oil from the fuel pump to the burner nozzle until pressure and the rotating speed of the fan reach full operating level. The oil is then sprayed into the combustion chamber in a completely atomized form and starting smoke is eliminated. The device also cuts off the supply of oil at the nozzle the instant the furnace stops operating.

LINCOLN-WAY LOSES TO GARDNER

By Marvin Smith

This writer was very pleased Saturday night to see an amount of enthusiasm that was displayed at Lincoln-Way high school. I was very pleased to see the parents. Believe me the parents who are not attending these games are missing a lot of good entertainment.

From the time Padzuikus of Lincoln-Way and T. Sorensen of Gardner stepped into the center circle for the tip off, the action started hot and heavy. Gardner went into a good tight defense which forced Lincoln-Way to stay at a distance from the basket. Zenel of Gardner, who is apparently the spark plug of his team, stepped to the free throw line many times in the first quarter and tossed in most of the points for the Gardner team to stay in the game. At the end of the first quarter the score was tied 12 all. Knackmuhs and Schellenberg sparking the Lincoln-Way team.

The second quarter began with Gardner taking the lead by shooting the basket from the tip off. Zenello of Gardner stepped to the free throw line to sink

point after point for the Gardner five. Lincoln-Way was not to be denied any part of the second half. Schellenberg of Lincoln-Way displayed good ball handling. Both teams had shown good team work and a fast break. The score at the half time was Gardner 32, Lincoln-Way 26.

The third quarter was a little luller pressed for the Lincoln-Way team. It seemed that the Gardner team still could not pass the Gardner boys. It seemed the ball would not go in the basket for Lincoln-Way regardless of what they would do.

The score at the end of the third quarter was Gardner 48, Lincoln-Way 41.

The fourth quarter was not any different than the third. Gardner pressed hard with the fast break and pretty good shooting to take a deciding lead. Lincoln-Way tried to stay in the game but the opponent had gotten too big of a lead. The factor that is important was the sportsmanship displayed. Both teams have to be given a lot of

credit. This is the last home game until after the holidays when Peotone plays a return game here on Saturday, Jan. 8.

Saturday night, the team plays at Manteno.

Box scores of games last week by quarters:

Bremen 25 13 22 12-72
Lincoln-Way 9 14 10 16-49

Gardner 12 20 16 23-71
Lincoln-Way 12 14 15 9-50

Mokena Lightweights Defeated By New Lenox - 18 to 6

Mokena's Lightweights suffered their first defeat of the season Dec. 8, when the invading New Lenox team edged them by a score of 18 to 6.

The highlight of the game for the crowd was the winner's rally in the closing moments when Mokena seemed to have the contest won. With only 50 seconds remaining, Mokena led 16 to 13. But a free throw and two baskets pulled the game out of the fire for New Lenox. Hughes scored the all important basket from well out just before the final horn sounded. Mokena's scoring was evenly distributed but Ruhle of New Lenox scored 12 of his team's points.

The disappointment of the Mokena fans over the first game soon disappeared after the Heavyweight game started. It was a hard fought, contest from the beginning, with the home team determined to make up for the opening game set-back. Two baskets by Yunker and one by Dina gave Mokena a 6 to 5 lead in the first quarter. New Lenox tied the score at the 10 to 10 on two long baskets by Becker. The second half featured excellent defense by Mokena, holding New Lenox to 6 points. The crowd also thrilled to the fine long shooting of John Lavezzi. The all around teamwork is illustrated by the fact that each Mokena boy scored 2 baskets. The rebound work by the winners, especially Yunker was a decisive factor in the victory.

The Mokena Heavies are now undefeated in three games and the Lights have lost one.

Bremen Community High School

BASKETBALL WITH LINCOLN-WAY

Bremen Braves chalked up their third win in four starts by trouncing Lincolnway, 72-49, on the home court Friday evening, Dec. 10.

After building up a 25-9 first quarter lead, Coach Bill Brown's starting five sat out the second period. The subs took over and were outscored 14-13, but the Bremen lads still held a comfortable 38-23 half time lead.

Third quarter's action found the Braves' first five with fine out-court shooting once more dazzling the Lincolnway defense.

W. A. 60-33 advantage, the Bremen cagers seemingly relaxed and coasted easily to their first conference win.

Pacing the scoring attack was Al James with 22 points. Wally Warszalek tallied six field goals and three 10 tosses for runner-up honors.

WRESTLING

Bremen high grapplers scored
wins over Bloom, 28-12, and Mor-
gan Park Military Academy, 38-
10, on the home mats Dec. 10
and 11.

Bremen high grapplers scored wins over Bloom, 28-12, and Morgan Park Military Academy, 38-10, on the home mats Dec. 10 and 11.

In defeating Bloom, which lost to Thornton Fractional by only four points, the Bremen matsters showed a definite improvement since their opening defeat to Oak Lawn, defending conference champs.

Morgan Park proved no match for the Braves who were fired up to win their second test of speed and strength in three starts.

Coach Art Suchomel says about his team, "The boys are improving, but they still have a lot of work to do if they are to capture at least second place in the conference."

Point Summaries:

Bremen-Bloom
103 pounds: Joe Cisarella, decision, 3 points.
127 pounds: Lloyd Landry, pin, 5 points.
133 pounds: George Avellano, decision, 3 points.
138 pounds: Rich Hopman, decision, 3 points.
145 pounds: Mack Jerkatis, decision, 3 points.
154 pounds: Richard Juds, decision, 3 points.
165 pounds: Bill Schram, decision, 3 points.

Heavyweight: Ron Wesolowski, pin, 5 points.
Bremen-Morgan Park M.A.
95 pounds: Jerry Matthews, draw, 2 points.
112 pounds: Jack Riuter, draw, 2 points.
120 pounds: Jerry Keith, forfeit, 5 points.
127 pounds: Lloyd Landry, pin, 5 points.
133 pounds: George Avellano, decision, 3 points.
145 pounds: Mack Jerkatis, decision, 3 points.
154 pounds: Richard Juds, pin, 5 points.
165 pounds: Bill Schram, pin, 5 points.
175 pounds: Clyde Blanke, decision, 3 points.
Heavyweight: Ron Wesolowski, pin, 5 points.

BASKETBALL AT OSWEGO

Bremen high cagers dropped a non-conference thriller, 60-55, at Oswego Saturday, Dec. 11.

Behind 18-12 in first quarter play and 34-27 at the half, the Braves finally found the range markers to its opponent's 9. Bremen went into the lead 46-42 only to have Oswego spurt ahead in the final quarter.

Al James, Brave center, countered seven field goals and six free tosses for high point laurels while Wally Warszalek netted 13 tallies.

Friday Bremen travels to Oak Lawn for its third Southwest Suburban Conference tilt.

Behind 18-12 in first quarter play and 34-27 at the half, the Braves finally found the range markers to its opponent's 9, Bremen went into the lead 46-32 only to have Oswego spurt

Al James, Brave center, counted seven field goals and six free tosses for high point laurels while Wally Warszalek netted 13

Don't let yourself become a traffic hazard. Standing in the roadway examining your flat tire or speculating as to what may be causing engine trouble too often results in blocked roadways, reminds the Chicago Motor Club. Oncoming traffic, often traveling at high speeds, may be unable to avoid a collision.

Bert Mattson, garbage collector in New Lenox, was taken ill suddenly Sunday while in his bathroom in his home. Answering his call for help, his wife succeeded in getting him to a chair when he lost consciousness. He was removed to Silver Cross hospital for treatment and expects to return home this week end.

The Methodist WSCS Evening circle will hold its Christmas party and meeting Dec. 23 at 8 o'clock in the church parlors. There will be a white elephant gift exchange, and a prize will be awarded for the best wrapped gift. Hostesses will be Mrs. Lawrence Carlson, Mrs. Roy Fitzer, and Mrs. Thomas Brown, and Mrs. Herbert Nelson.

The New Lenox Womans club will meet Tuesday afternoon, December 21 for their Christmas party in the home of Mrs. Elton Pyle. There will be a gift exchange.

The Woman's Guild of the Grace Episcopal church enjoyed their annual Christmas party last Thursday evening in the church parlors with Mrs. Laura Morris and Mrs. Mary Tauber as hostesses. Games were played and prizes were won by Mrs. George Schofield, Miss Ethel Tucker, and Miss Winnie Pester. The decorations were in the holiday motif. The next meeting will be Jan. 15 in the home of Mrs. Lucy Mansfield with Miss Ethel Tucker as co-hostess.

St. Jude's Altar and Rosary society and guests met Tuesday night for a potluck dinner and Christmas party in the church hall. There was the usual gift exchange and playing of games with prizes being awarded. Decorations were in keeping with the holiday season.

The Episcopal church will give its annual church school Christmas service Sunday evening, Dec. 19 at 7:30 o'clock.

Girl Scout News
Brownie troop 7 met with 13 girls and their leaders, Mrs. Wm. Knowles and Mrs. Wm. Becker. Lynn Schroeder led the flag pledge and Dottie Gardner the Brownie promise. The girls started a Christmas project. Ruth Ann Johnson served cookies and chocolate milk to celebrate her birthday, and each Brownie was given a small treat to take home.

Brownie troop 99 met with leaders, Mrs. Roy Dowle and Mrs. Howard Lane. They are making Christmas gifts. Cathy Tomany was elected president, Helen Ann Gullickson, secretary, and Karen Brueggeman, treasurer. Jeannie Beaupre led the pledges and Carol Ann Hammond led the Brownie promise. Jeannie Peters will be hostess next week.

Brownie troop 104 met Wednesday with the leaders and 13 members present. Plans were made for a Christmas party. Claudia Peterson, troop 90, assisted with the crafts. Susan

Rowswell served candy bars. Clara Chapman will be hostess next week.

Intermediate troop 97 met in the home of leader, Mrs. John Olson, with Mrs. Harry Huss and nine scouts present. The girls made hat boxes. Dolly Peterson served cookies at snack time.

Intermediate troop 90 met Friday at the Lions Den. Betty Anderson led the pledge to the flag, and Cheryl Sass led the scout promise. New officers elected were Alma Lauffer, president; Susan Higinbotham, secretary; Mrs. Italo Albanese is sewing badge consultant for the following girls: Ann and Susan Higinbotham, Mary Lee Cummings, Luanne Camello, Merrilee Colatz and Karen Braun, who are planning a party for Dec. 18 and have invited their mothers. They will exhibit the articles they made and will be awarded the sewing badge. Bismarks were served for snacks by Ann Higinbotham. Mary Cummings will be hostess next week.

Girl Scout troop 90 recently re-registered with the National council of Girl Scouts of America for the coming year. There were 18 thus registered with room for six more girls who might be interested in the intermediate program.

The leaders of the troop are Mrs. O. V. Rowe, Mrs. Frank Camello, and Mrs. William Miller. Troop committee members are Mrs. Arthur Rowswell, Mrs. Harlow Higinbotham and Mrs. Italo Albanese. Since last March the girls of the troop have completed a total of 75 proficiency badges in many fields of interest.

They are: Folk dancer, 12; wild plant, 7; bird, 6; troop dramatics, 2; Outdoor, 1; animal raiser, 1; swimmer, 3; dress maker, 3; seamstress, 6; child care, 4; ports, 3; outdoor cook, 2; housekeeper, 2; cook, 1; home gardener, 2; rambler, 1; campcraft, 4; home nurse, 2; home maker, 2; mammel, 4; pioneer, 4; conservation, 4; first class, 6.

The following are working for the Curved Bar rank: Alma Lauffer, Cheryl Sass, Dottie Jean Anderson, Darlene Blaha, Evelyn Rowswell, and Betty Anderson.

Those who expect to finish requirement for first class are Ann and Susan Higinbotham, Prudence Rowe, Lou Ann Camello, Joannell Robertson, and Eleanor Pester.

Dec. 18 six girls will receive their seamstress badges at a party given for their mothers. They are: Merry Lee Colatz, Karen Braun, Merry Lee Cummings, Lou Ann Camello, Ann and Susan Higinbotham. Their consultant is Mrs. Albanese.

Most of the girls attended day camp last summer and four attended Established Camp for six days. Mrs. Rowe and Mrs. Camello have re-registered in the girl scout program for their 6th year.

Mrs. Louise Stahl left Monday for Calif. to spend the winter with relatives.

Mrs. John Oster, kindergarten teacher, was guest speaker at the December meeting of the Second Child Study club, which met in the home of Mrs. Joseph Gustat with Mrs. Dale Drake assisting. Plans were completed for the Christmas party for the children of the group, to be at the Lions Den, Dec. 18 at 10 a. m. Santa Claus will arrive with gifts for the little ones.

Miss Mary Ellen Wilterman, who is attending St. Gertrude academy at Boulder, Colo. this year, will arrive home today. Dec. 16 by plane, to spend a two and a half week vacation with her parents, Mr. and Mrs. Guy Wilterman and family, Oakview drive.

Mrs. Walter Homerding arrived Thursday morning at the home of her parents Mr. and Mrs. Harry Kohlhagen from her home in Long Beach, Cal. She came to help celebrate the golden wedding of her parents this Sunday.

School News

Bremen High School Science Department

By Edwin M. Bridges
Meeting the students' present and future needs is the main objective of the Bremen high school Science department. Courses are set up to tie in the classroom activity with each student's home life and daily

routine, so that it will be most useful to him.
In freshman General Science an introduction to all other sciences is given. Freshmen establish vocational and avocational interests through their learning in science. Body activities, diet, disease, and first aid, as well as modern day conservation, communication, and transportation, are discussed.

Laboratory consists of demonstrations.
Biology, open to sophomores and juniors, provides an experience in learning the body functions. Students develop an appreciation of their body functions, and learn how to care for their health. Animal life, with the emphasis on man, and plant life are studied.
Chemistry becomes a proving ground for that which the students have learned from textbooks. This course serves the college preparatory student as well as the pupil who does not plan to make technical use of the subject. Such topics as "Plastics" and "Chemistry in the Home" have evoked enthusiasm. Seniors have their choice of physics or senior science. The latter course is designed for those students wishing some general knowledge of physical science without specializing in either physics or chemistry.
Physics involves the study of such practical areas as light, heat, electricity, electronics, and radioactivity. Class members acquire an everyday understanding of the operation of many household appliances which include toasters, irons, vacuum cleaners, air conditioners, and heat lamps. Underlying each science course is a hand-in-glove cooperation with Bremen's overall guidance program. Bremen science teachers, who have close contact as classroom teachers with students, feel that they can get next to the problems and thus be of help in solving them.

The Bi-Chem-Phy-Astro-Electri Club is sponsored by the Science department and is divided into five interest groups: radio electronics, pre-nursing and pre-medical, astronomy, chemistry, and photography. Field trips to the Museum of Science and Industry and the Planetarium, combined with the annual picnic, are some of the club activities planned for this year.
Glenn L. Eigenbrodt, chairman of the department, speaking for

the entire staff, says, "We train our students to develop an understanding of scientific principles and to apply these principles in everyday living."

Business Club At L-W Becomes National Affiliate

The Business Club at Lincoln-Way is now a member of Future Business Leaders of America (FBLA), a national organization sponsored by the United States Education Association, for students who are enrolled in the business education department of high schools and colleges. The FBLA chapter at Lincoln-Way is 1080 which denotes that chapters, before organized, are carefully screened. The chapter at Lincoln-Way was first approved by FBLA committee in Illinois before it could be approved by Washington.
Membership is open to any student enrolled in business education and who is interested in employment in the field of business. The four types of membership are active, associate, collegiate and honorary. These degrees of active membership—helper, supervisor, and leader—are based upon achievement and service to the school and the chapter. FBLA teaches and practices democracy.

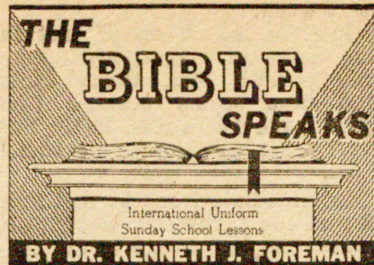

Students need the feeling of security that comes from "belonging." FBLA is their organization. Membership carries with it responsibilities as well as privileges. Students are responsible for chapter meetings and worth-while projects.
The creed of FBLA teaches the student to believe in the following: free education; industry, labor, home, church, and school; by peoples of our land and other lands; preparation for a useful occupation; that regardless of race, creed, or color a person should conduct himself so as to reflect credit to himself, his associates, his school, and his community.

Before a chapter can be granted to a new chapter, the chapter must submit proof that it will sponsor at least one project. The project thus far that the students have agreed upon is to have as many business speakers as possible attend their meetings and give them the benefit of their experience and training. Thus far the students have had an assistant superintendent from the E. J. & E. railroad talk to them, a personnel speaker from the Illinois Bell Telephone company, and have scheduled for January, Dr. Paul Pair, president of the Speedwriting School of Chicago to talk with them.

Frankfort Public School News

By Donna Miller
The annual school Christmas program will be held Dec. 21, at 8 p.m. The public is invited to attend. All pupils are participating.
The first graders have made paper chains and trees and also ornaments with which to decorate their Christmas tree. Darlene Hansen celebrated her birthday this past week.
The second graders made Santa Claus faces out of paper plates and cotton. They also decorated their Christmas tree and wrote letters to Santa, telling him what they want for Christmas.
Pamela Petuch is ill.
Christmas mobiles are the decorations for the third grade room besides their Christmas tree. They have been reading about Christmas customs in other lands and practicing for the Christmas program.
Angels, bells, and Christmas scenes are the decorations for the fourth grade room.
A Christmas tree, manger scene, and Santa Claus, are the fifth and sixth grade room's decorations.
The seventh grade's decorations are the traditional Christmas tree, Santa Claus and helpers, and others.
The eighth grade has put up a bureau telling the Christmas story, at Santa Claus bureau, and a Christmas tree.
One of the most frequent causes of serious traffic accidents, warns the Chicago Motor Club, is failure to stay in one lane. Don't weave in traffic. Don't straddle a lane. In case you have wondered what caused most accidents, the answer is simple failure to yield right of way.
North Carolinians owe to coal the source of all their electric light and power for coal, and coal alone, fuels the steam electric plants in the state.

Scripture: Psalm 148; Matthew 1:18-20; Luke 2:1-20.
Devotional Reading: Luke 2:8-20.

Music of Christmas

Lesson for December 19, 1954

NO OTHER festival of the year is so full of music and of song as the festival of Christmas. Like all good and beautiful things, this too can be made a weariness to heart and mind. When we have to listen to some "popular" Christmas song, hampered out by some songsmith on Broadway who knows more about rhythm than religion, over the radio for six weeks on end; or when a loudspeaker on the courthouse square with its tireless Dr. Foreman electronic throat keeps battering the ears of Christmas shoppers with "Silent Night," we wish the night were silent. We almost wish the angels had not set such an example.

Music of Praise
But it was not this nor any of this that the angels meant when they sang their Gloria. The right music of Christmas is the music of praise, of glory to God. It is not a thing to fill up time on a disc-jockey's program, not something to be produced by a machine. It is music of praise, for the heart, from the heart. On a lonely road in the countryside there is a tiny lighted church. On a noisy boulevard in a distant, grimy city there is a great church, its rose-windows gleaming. In both of these there is singing tonight. To the passerby in mud or on the pavement, it may seem that these people sing alone. The frozen world around the country church makes no sign; there is no echo of the Hallelujah chorus in the great sanctuary. Nature and man seem out of tune with the Christmas music. But to the listening ear, the hearing heart, come many other voices.

Music of Creation
The poet-prophet of the 148th Psalm—one might almost think which he does believe. But his beliefs are held, so to speak, under a cloudy sky. It is a wonderful thing that in the Providence of God this book was included in our Bible, for it gives us just what we need when we too are let-down on some dark day after Christmas. The old counselor catches us on the rebound and gives us, if we will listen, some unexciting and perhaps unhelpful but still useful advice for our Days After.

Dead End Streets
The favorite refrain of the Old Counselor is "Vanity of Vanities." Emptiness of Emptiness—life to him is like one of these nests of boxes sometimes seen on the toy counters: you open the big one and find one not quite so big. You open that and it holds a slightly smaller one . . . and so on till you come to the tiniest box of all. Must be a diamond?—No, you open it and it's full of Nothing. So this old man who had had plenty of money and nothing to stop him, went first after one thing and then after another, but he never found happiness. All is Vanity and a Striving after Wind. You can't catch the wind and if you could, so what? He sees nothing in wealth, nothing in pleasure, nothing in learning, nothing in love. Being, as was said, no Christian, he sees nothing even in the next life to lure him on. Beyond this world he sees only "no work, nor device, nor wisdom, nor knowledge, in the grave, whither thou goest." (9:10).

But Life Must Go On
Nevertheless, even this gloomy and disillusioned man finds some things in life in which he does believe. He believes in work for work's sake. He knows all human works perish; he knows a man's best work may be unappreciated and unpaid; but still "there is nothing better than that a man should rejoice in his works" (3:22). A good thought for the day we have to get back to work! Then he believes in enjoying God's gifts as they come; in sharing what we have: "Give a portion to seven, yea, even unto eight" (11:2). But under and through all, he believes in obedience to God. It is true, this old counselor did not know God as Christians have known him. He had lacked the experiences of suffering, and of love, and of the forgiveness of sin. Still, even with his clouded vision, even thinking as he did of God as far away and mysterious, he knows God has given man certain laws to live by; he knows that it is at least right to do right. "Fear God and keep his commandments" is his last word.

MARLEY

Mrs. Virginia Saxe
New Lenox 3133

The Marley Woman's club met at the Spot cafe in Joliet Thursday for their annual Christmas party with 19 members present. A bountiful turkey dinner was served at noon. A short business session was held after the dinner. Mrs. Herschel Aseltine led the group in singing of Christmas carols. Members revealed themselves to their secret pals with gifts. The January meeting will be held at the home of Mrs. Charles Elliott.

The Hadley Mother's club met at the school Wednesday evening. The president, Mrs. Peg Greenwalt presided during the meeting. Mrs. Charles Elliott presented an entertaining Christmas program. Mrs. Charles Ingram led carol singing with Mrs. Ray Carlson at the piano. Several of the members participated in a kitchen band and presented several numbers. Each one wore a home made hat, made of paper plates and kitchen gadgets. The instruments used were anything from wash boards to combs and tissue paper. Those taking part in the band were Martha Ingram, Cele Hasibar, Martha Elliott, Laura Anderson, Eloise Anderson, Gladys Jensen, Mrs. Stanerson, Peg Greenwalt and Marie Mohn. An amusing skit was presented by Cele Hasibar and Martha Ingram. Mrs. Charles Saxe and Mrs. Russell Lauffer rendered a vocal duet. Refreshments were served by Mrs. Ray Carlson, Mrs. Joe Ford and Mrs. Harold Drewes.

Fletcher Binion Jr. underwent an emergency appendectomy Friday night in the Silver Cross hospital.

Mr. and Mrs. Durward Killinger are the parents of a son born Dec. 11 in Silver Cross hospital. He has been named Scott Louis. Mrs. Killinger is the former Miss Lois Sproat.

Mrs. Mary Marshall is leaving this week for San Jose, Calif., to spend several months with Mr. and Mrs. Mervin Moore.
Mrs. Charles Elliott attended a Guild meeting Tuesday night at the home of Mrs. Charles Ballantine in Palos Heights.
Harvison Haley, Donald Haley and Merle Haley of Kempton visited relatives in Marley Saturday.

Mr. and Mrs. Russell Lauffer and children Jean and David and Mrs. Patricia Binion and son Eugene were guests Saturday night in the Loei Saxe home.
Mr. and Mrs. Stanley Coe, Mr. and Mrs. Howard Handorf, Mrs. Edward Sproat and daughter Bonnie and Alma and Jean Lauffer attended the dance recital at the Lincoln-Way school Sunday afternoon.

Mrs. Martha Elliott attended the Christmas party at the Englewood Presbyterian church Thursday.
Mr. and Mrs. Russell Lauffer and family were visitors Sunday afternoon in the home of Mr. and Mrs. Elmer Cooper in Mokena.

Mrs. Katharine Heiser
Frankfort 4902

Mrs. Arthur Steinberg, assisted by Mrs. Leo Kestel and Mrs. Ralph Smith entertained the Home Bureau unit in the former's home last Friday evening. This was the Christmas party and gift exchange. Besides the 20 members present, guests were Mrs. Eleanor Johnson, home advisor; Mary Carson, assistant Home advisor; Mrs. Norman Krapf and Betty Wingrove, the former home advisor. Mrs. Krapf, leader of the Green Garden Snip and Snack 4H girls gave their annual report. Roll call was answered by giving a cookie recipe. The major lesson was given by Mrs. Johnson on "Better Mental Health Practices." A Christmas tree quiz was conducted by Mrs. William Schram. Mrs. Earl Bettenhausen, Mrs. Gilbert Voss and Mrs. Donald Barlow were chosen to select some of their members to take part in the Music and Drama festival of the county Home Bureau to be held Thursday evening, Jan. 6 at 7:30 p.m. The place will be announced later. The next meeting will be in the home of Mrs. Gilbert Voss Jan. 14. The major lesson then will be "Parents Changing Role," by Mrs. Henry Knater and Mrs. William Schram. The minor lesson on selection of herbs, will be given by Mrs. Michael Nardiv.

Miss Alice Meisterling attended the wedding of Miss Emily Weise of Monee and Anthony Aprile of Richton Park, which took place Saturday in St. Agnes church in Chicago Heights. Later a wedding dinner was served at the Bud Michelberry restaurant at Park Forest for relatives. The bride is a granddaughter of Mr. and Mrs. Louis Meisterling.

Mr. and Mrs. Harold Scheer entertained their club Saturday evening in their home, at a Christmas party and gift exchange. Canasta was played and honors won by Mr. and Mrs. Orval Schroeder. Mrs. Ralph Fehland and Lester Holl. Later refreshments were served.

The WSCS of the Methodist church met last Wednesday in the church for their Christmas party and potluck dinner. Instead of the usual gift exchange each member gave 50c to the Peck home. Mrs. Stewart Vandervilt was program chairman. A Christmas reading was given by Mrs. Ralph Steele entitled.

"A King is Born." As a special feature, they were favored by musical selections by Lincoln-Way high school students. Mr. and Mrs. Earl Bettenhausen entertained guests Saturday evening at their home in honor of their 17th wedding anniversary. They were Mr. and Mrs. Albert Steinberg, Mr. and Mrs. Charles Van Gampier, Mr. and Mrs. Clarence Harnack and Rita Ann of Peotone. A social evening was enjoyed.

The Mens club met last Wednesday evening in the Methodist church parlors with Charles Krapf presiding. A social evening was spent and refreshments served by William C. Bettenhausen and David Dralle.

The Junior Adults of St. John's Evangelical and Reformed church will go caroling Sunday evening, Dec. 19, after which they will return to the church for a gift exchange and a social evening. A film will be shown entitled, "The Greatest Gift." Mr. and Mrs. Carl Christensen are program chairmen. The serving committee consists of Mr. and Mrs. Gilbert Sippel, Mr. and Mrs. Vernon Werner, and Rev. and Mrs. Ernest Gander.

U. S. Madden has been ill in his home the past few days. Mr. and Mrs. Lee Keller and children spent Saturday in Chicago with his aunt and uncle, Mr. and Mrs. Edward Keller. On Sunday their guests were her parents, Mr. and Mrs. William Nelson, and her nephew, Jimmy Nelson of Morris.

Mr. and Mrs. Richard DeNazzario and family spent Sunday with Mr. and Mrs. Carl Wegner at Spencer.

Mrs. Richard Pokorny and children spent Monday in Chicago.

Mr. and Mrs. Clare Newman and children spent Sunday with his parents Mr. and Mrs. Arthur Guetlich at Chicago.

Sandra Oldt has recovered from a recent illness. George Thode of Long Beach, Calif. is visiting his parents, Mr. and Mrs. Walter Thode. Last Sunday they spent with their daughter Mr. and Mrs. William Mott in Chicago where the Thode's celebrated their 28th wedding anniversary.

Mrs. Rose Rabiega, Miss Ann, and Lawrence Rabiega were supper guests Thursday of Mr. and Mrs. Edward Starsine in Chicago.

The Community club will sponsor their annual Christmas party for the Schmul school children Wednesday night, Dec. 22 beginning at 7:30. All attending are asked to bring Christmas cookies. The women members of the club will be hostesses.

Mr. and Mrs. Ralph Oldt and children spent Saturday at Bruce Lake, Ind., with her sister, Mr. and Mrs. Robert Wentzel and family. Sunday they spent with his parents, Mr. and Mrs. Robert Anderson in Chicago.

ALPINE

Mrs. E. Mrosek
Orland 41-J-1

A group of youngsters from 102nd avenue visited Santa Claus in Tinley Park Saturday as guests of Mrs. Stuart Culp.

Mr. and Mrs. Joseph Pelouquin, Nancy Carol and Linda, were guests at a party, Saturday evening in Oak Lawn, honoring his niece, Janice, daughter of Mr. and Mrs. Clifford Pelouquin, and her second birthday.

Sharon and Charles Slansky of Chicago spent Saturday and Sunday with their grandparents Mr. and Mrs. Stuart Culp. Sandy and Patsy Felsch and Carla Mae Mrosek attended a performance of two one act plays by the Playcrafters at the Carl Sandburg high school Saturday night.

Mr. and Mrs. Donald Kohl entertained at a party Thursday honoring their daughter Mary Lou and her second birthday. Sam Gawlik, son, Ronald, and the former's nephew, Leon Fassl of Chicago, recently returned from their annual deer hunting trip in northern Michigan, and as usual they did not come home empty handed. Ronald and Mr. Fassl managed to bag one deer. Last year, Ronald and his father got a deer a piece.

Maue PTA board members will meet in the Charles Hennig home Monday evening, Dec. 20 to make last minute preparations for the Christmas party to

be held in the school, Dec. 21. Everybody seems to be doing about the same thing these days, shopping, baking, house cleaning, etc., in preparation for Christmas.

Maue School News
The last day of school at Maue before the holidays will be Dec. 21.

Some of Maue's students have been raiding their father's nail kegs and looking for other metal items to be used in making Christmas tree ornaments. The trees arrived at the school over the week end.

Grades 1 and 2 are making alphabet dictionaries. Fourth grade geography class has completed studying about the South American Amazon jungle and each pupil has been compiling pictures and drawings in a scrapbook.

Friday, two fine films entitled "Chicago" and "Wheels A Rolling," were enjoyed. The latter was an excellent film of many famous historical events and included the history of transportation from early days to present. Lynn Cardemon and Barbara Strassenburg have returned to school after recent illness.

The dates of the Christmas party and program has been changed from Dec. 22 to the evening of Dec. 21.

BABSON SAYS—

Copyright, 1954, Publishers
Financial Bureau, Inc.

American business has no more inspiring personality than Roger W. Babson, internationally known business commentator and investment adviser. An outstanding feature of his philosophy has been his life-long insistence on the importance of religion in business.

Born and reared in an old-fashioned atmosphere of hard work and hustle on a farm in Gloucester, Mr. Babson went to the Massachusetts Institute of Technology. Upon graduating, he turned instinctively to financial and business activities.

His exertions, however, undermined his health; he contracted tuberculosis and he was sent west "as good as dead." It was while he was convalescing from this dread malady that he worked out some of the possibilities and problems of business forecasting. His weekly releases are used by over 400 newspapers and his financial reports by 20,000 corporations and estates. His research work is carried on by a large staff of workers.

Mr. Babson founded Babson Institute for Men; and, in co-operation with Mrs. Babson, developed Webster College for Women, both nationally known educational institutions. Here young men and women may concentrate on the fundamentals of business administration. Later, he founded a Midwestern Institute of Business Administration, located in Eureka, Kansas, the center of the United States. He has been active also in the establishment of another medium of service to the public, the Gravity Research Foundation, located at New Boston, New Hampshire.

Mr. Babson has probably done more than any other man to create among his millions of newspaper readers an interest in simple business problems, and to instill a broader vision in businessmen, enabling them to meet the ups-and-downs of the business cycle.

This newspaper will publish Babson's Business and Financial Forecast for 1955, within a few weeks.

A careful checking of the Babson Predictions made in the Business and Financial Forecast for 1954 upholds the remarkable average of the past years by being 86% correct! Below is the score for the last 16 years. It holds the best and highest record for Annual Forecasts on U.S. Future Business.

Two New Officers Elected By Gas Co.

Luster L. Starrett, a division commercial manager for Commonwealth Edison company, and Charles W. Daniels, a division supervisor of general service, have been elected treasurer and assistant treasurer, respectively, of Northern Illinois Gas company, it has been announced by Marvin Chandler, president of Northern Illinois Gas. D. Robert Bower, who has been treasurer of both Edison and its gas subsidiary, will relinquish his duties with the latter.

Starrett, a graduate of the University of Illinois with a master's degree in finance from Northwestern University, has been associated with Edison since 1926. From 1932 to 1945 he held executive positions in the company's treasury department. He transferred to the customer department in 1946 and was named assistant general commercial manager in 1953. He resides in Lombard.

Daniels, a resident of Oak

Park, is a veteran in the utility business with 32 years of service with Edison. From 1932 to 1945 he held positions in the auditing and treasury departments. He became assistant cashier in 1945, manager of the customer department in 1953 and assumed his present position a year later.

Both Starrett and Daniels will assume their new duties with the gas company immediately.

CHRISTIAN SCIENCE CHURCHES

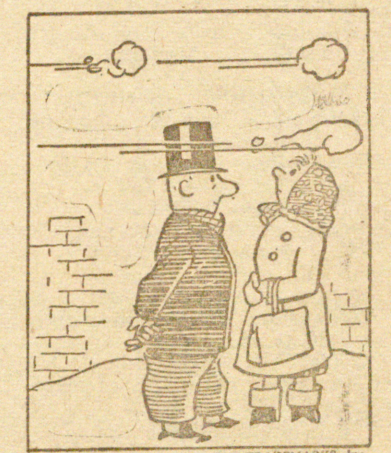

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon to be read at Christian Science services Sunday, Dec. 19.

Man's God-given dominion over materialism, including the so-called laws of chance and misfortune, is brought out in the readings from the Bible, among which is the account of Paul's restoration of Eutychus, the young man who "fell down from the third loft, and was taken up dead" (Acts 20).

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (42:5): "Accidents are unknown to God, or immortal Mind, and we must leave the mortal basis of belief and unite with the one Mind, in order to change the notion of chance to the proper sense of God's unerring direction and as bring out harmony."

Electric utilities in two states, Indiana and Virginia, last year burned coal for 97% of the electric energy generated in their plants.
